**Transportation (570) 888-0958 – Phone (570) 888-6000 – FAX (570) 888-1219**

Starting in April 2012, GVEMS will begin hosting Pediatric First Aid/CPR/AED courses. This course is designed to meet regulatory and credentialed training requirements for child care workers in all 50 states. The course focuses on such things as stopping bleeding, handling asthma attacks, and beginning quick CPR. Certifications are good for two years.

Beyond credentialing requirements, this course is designed primarily for, and highly recommended for, child care workers, camp counselors, foster care workers, coaches, youth group leaders, babysitters, and anyone else working around children. This course is not a substitute for the adult first aid/CPR/AED course offered monthly at GVEMS.

The course will cost \$35.00 per person and will be about six hours in length. Pre-registration is highly encouraged. You can register by calling 888-6000.

### **Course dates:**

**Saturday, April 28, 2012 – 9:00 a.m.**

**Saturday, May 19, 2012 – 9:00 a.m.**

**Saturday, June 30, 2012 – 9:00 a.m.**
